SUMMARY

Full Stack Web Developer with a challenge-driven mindset and life-long dedication to learning. Passionate for creating simple and intuitive applications to improve user experience. Established soft leadership and resiliency from rich work experiences in various fields. Looking for growth opportunities to become a better developer.

TECHNICAL SKILLS

Technologies: HTML5, CSS3, JavaScript, Node, Express

Frameworks / Libraries: jQuery, React, Bootstrap

Tools: Visual Studio Code, Git, GitHub, Command line

Database: MySQL, MongoDB, Firebase

PROJECTS

Snippit

- A webpage that allows users to quickly add and reference code snippets
- Worked as the team leader of a group of four
- Built with Bootstrap, jQuery, Codepen, and CodeMirror API, enabled storing snippets in real-time database and authentication with Firebase
- Link to GitHub Repository: <https://github.com/catnap89/Snippit-Project>
- Link to Deployed Site: <https://catnap89.github.io/Snippit-Project/>

Whisper-it

- An anonymous forum that allows users to create and remove posts and also leave comments on the posts
- Built with Bootstrap, Material-Design, jQuery, Node, Sequelize, Express, MySQL, Chance.js
- Link to GitHub Repository: <https://github.com/catnap89/whisper-it>
- Link to Deployed Site: <https://whisper-it.herokuapp.com>

Ch@

- A community site with chat feature to connect users that want to converse about topics, subjects, and events of similar interests. The website gives the user the ability to create his/her personal space, or a Community, where other users can join in
- Built with React, React Bootstrap, Express, MongoDB, Mongoose, Node, Passport, Socket.io, Bcrypt.js, Axios.
- Link to GitHub Repository: <https://github.com/catnap89/HelloWorldCommunity>
- Link to Deployed Site: <https://helloworld-community.herokuapp.com>

EXPERIENCE

Restaurant Manager

November 2018 - April 2019

September 2017 - May 2018

Lawrenceville, GA

J Buffalo Wings

- Hired, trained and coached staff members on customer service, restaurant policies, and health and safety standards
- Motivated staffs through acknowledgment of hard work, achievements and instilling accountability while leading by example resulting in a high employee retention rate and providing better service for the customers

EDUCATION

Georgia Institute of Technology, Peachtree Corners, GA

Georgia Tech Coding BootCamp - Full Stack Web Development

An intensive 24-week long boot camp dedicated to designing and building web applications. Skills learned consisted of HTML5, CSS3, JavaScript, jQuery, Bootstrap, Firebase, Node, MySQL, MongoDB, Express, Handlebars & ReactJS and more
